- I am the new social worker. We have another worker, Mariana and two interns who speak Spanish and Mandarin. We are providing individual and group counseling for students.
- If you have any questions or want to contact me, you may call the school and ask for me, my extension 3421.
- Some of the services are for students who have anxiety, depression, have had different experiences in their lives. We help them so they can have support and succeed academically and in life.
- It's really our job to support your kids with things that are more than academics. For questions or concerns, reach out to me.

Ms. Samantha Dong

- How many Regents exams does your child have to take to graduate?
- Your child will take one of these exams per course. We have them three times a year, in January, June, and in August.
- These exams are pretty difficult. They are worth a year of knowledge. We offer regents prep on Saturday. Teachers come on Saturday to help your children get ready for these tests.
- We start on December 3rd. Students should talk to their teachers to get a MetroCard and make sure that they are taking the class.
- If they go, they usually pass the exams. If they do not go, they might have to repeat the class in the spring. Encourage them to go even if it is Saturday.

- Take a moment to look at the bylaws to leadership team. It is a legal documentation that says what we can and cannot do.
- We did not make any changes last year so it is only a few pages document. Take two minutes to read it and raise your hand if you have any question.
- If you agree, raise your hand. The majority. So we approve it/.
